

MASS CENTURY CLUB

Progress Tracker

49

courses
100+ years old

Massachusetts has 49 golf courses that are at least a century old and still open to the public. Some are household names, others are tucked down roads you've never driven — but every one of them has survived wars, economic shifts, and changing trends, and they're all still welcoming players today. Tick the box, log the date, log the damage. Knock off one or all 49.

How to use this tracker: Check the box when you play it · Write in the date and your score · Tag your rounds #MassCenturyClub · Tally your total on the last page

Playing one of these? Golf TotalGuide matches your game to the course before you tee off — LiDAR hole-by-hole data, yardages, and a play-it-smart plan for all 49. apps.apple.com/app/totalguide/id6775023358

GROUP 1 · 1887–1900
